Dear Mr. Kellnhauser:

Thank you for your letter of the third regarding CBS' reply. I will drop you a line shortly regarding the possibility of a meeting time.

In recent years when I have addressed complaints to the FCC on the network treatment of the subject of President Kennedy's assassination and its investigation they have replied by form letter that I must write to the local channel and it must reply to my request. CBS took about seven weeks to answer my request via your station.

Enclosed with this letter are copies of two letters. One is a formal reply to the CBS response and one to the FCC expressing my indignation with the network treatment of a citizen and their delay in handling a local stations request for a reply. I trust that you will see in these letters as I have expressed it specifically to you no personal criticism of you or your staff. I have always held you in high esteem. But the subject matter requires me to pursue the network's response to the best of my ability.

Sincerely

David R. Wrone
